SOUTH BEND MEN
SUE IN ELKHARTSuits Totalling Nearly \$1,000
Filed Against Goshen Man.

News-Times Special Service:
ELKHART, Ind., Sept. 12.—Damage suits aggregating nearly a thousand dollars were filed here today in superior court on behalf of South Bend attorneys for amounts claimed to be due them for services. The suits are against Homer E. Johnson of the Inter state Hay Co. of Goshen and they were filed by Attys. Van Fleet, Hubbell and Dinneen.

One of the suits is for Schuyler C. Hubbell, William McInerney, Walter McInerney and John Yeasley, composing a law firm. They seek \$650 for payment alleged to be due for legal services rendered Johnson when he was tried on the charge of using the mails to defraud in Washington in 1913.

The other suit is by James W. Noel of South Bend who also claims that \$125 is due him for legal services rendered Johnson in the same suit.

A big scrap is on between local restaurant men. Recently a number of the opponents of the saloon lunch room got together and raised the prices on meal tickets to \$1.50, also the prices on steaks to 35 cents per order. A canvass was made of all the restaurant owners in town to induce them to "come within the fold," but a north end restaurant owner and at least two south-end proprietors refused.

Now the two "factions" are after the business "hammer and tongs." The "35 cent men" declare that the proprietors who refused to raise prices "can't last" while the "25

centers" declare that they are doing more business than ever.

A couple of hours after Verne E. Morrison had been granted a divorce from Viola M. Morrison, in the superior court Tuesday morning on a charge of desertion, and had been ordered not to re-marry for two years, he went to the clerk's office and applied for a license to marry another woman. The license was not granted.

George Fay, 316 N. Third st., is in the General hospital, suffering from a dislocated and probably broken right shoulder, a scratched face and a number of bruises as a result of being run down by an automobile owned and driven by S. K. Boye of Prairie st., at the intersection of that street and Wagner av., shortly after noon Tuesday.

Mose Eaker, Tom Ingraham and George Richardson, the three Negro cooks who raided the camp at the New York Central hump Saturday night in attempting to find out who had broken into the kitchen shack, were sentenced to 30 days at the penal farm, by Judge Lee this afternoon, and were fined \$1 and \$10 costs each. Inability to pay their fines will lengthen their stay at the penal farm, at the rate of a dollar a day, to 101 days. They were charged with rioting.

MICHIGAN SHIPPING
RATES INCREASEDAdvance in Less Than Car
Load Rates to the Coast
to be Held to Jan. 1.

News-Times Special Service:
MUSKEGON, Mich., Sept. 12.—Muskegon manufacturers and other shippers who joined in an energetic protest of Michigan shippers against a proposed raise in rates on less-than-carload shipments to Pacific coast points have been advised by the interstate commerce commission that the proposed raise has been postponed at least to Dec. 30, pending an investigation by the commission. The raise was to have become effective Sept. 1, according to an announcement of the railroads.

The advance is on various commodities, including furniture, metal goods, filing cases and cabinets, canned goods, and other products. When the advance was first announced Michigan shippers protested and secured the cooperation of shippers and merchants on the Pacific coast. They asked a four months' delay in making the new schedules effective to give the interstate commerce commission an opportunity to investigate, and this delay has now been granted. The old rates will accordingly apply at least to the end of the current calendar year.

Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Write troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

LOWELL WOMAN LEARNS TO WALK AGAIN;
WAS CRIPPLED WITH RHEUMATISMSuffered From Deforming Arthritis—Joints Grated Like Sand—
Nurse Says Recovery Almost Beyond Belief

"It is almost beyond belief," was the comment of a nurse who recently visited Miss McMasters—312 Humphrey st., Lowell, Mass.

She said: "I have read a great deal about Var-ne-sis, but paid very little attention to the letters until I investigated, thinking Var-ne-sis was the same as all other preparations. I have stood firm against advertised medicines, but my investigation has opened my eyes to the harm one may do by condemning every remedy without knowing something about it. Miss McMasters was told not to take Var-ne-sis; had she heeded this advice she would be in her wheel chair today."

Miss McMasters when seen was busy getting dinner. She told how she learned to walk again by having some one hold her until she grasped the edge of a table, and gradually worked from one end to the other. She stated that she recently went shopping and walked up and down stairs without difficulty.

She said: "For seven years I have not known a day that I did not have pain. All my joints were afflicted, when I moved my head I could hear

and feel grating like there was gravel or sand in my neck. My knees would snap and grate like my neck, they were drawn up so I was unable to straighten them; the grating of my knees could be heard down stairs. If I wanted to sit down I would have to literally fall in a chair. Trunk straps were fastened around my body to get me upstairs. On the top step I was laid on a rug and dragged to bed.

"The fingers of the right hand were drawn into the palm and the hand drawn to the body, I could not get my hand to my head, as points were stiff, and I had to be fed and dressed like a child. I was in continual pain and no part of body seemed to escape the disease. Different physicians treated me for a time, but finally said I could not be cured. One physician gave me injections of a vaccine, but I only grew worse. The last doctor said I would never get rid of the disease, as it was the worst form of rheumatism arthritis deformans. I was in bed for sixteen months.

"Reading about Var-ne-sis and how it helped others with rheumatism of the joints I decided to try it

I am glad I did, for in a short time I could use my wheel chair, then my crutches and finally my canes. The pain and stiffness became less noticeable. The chalky bunches of the fingers and the knees disappeared, my hands straightened, so that now I can feed and dress myself. I can walk downstairs step after step, sew a little and do some housework.

"I have given W. A. Varney my wheel chair, crutches and canes to add to his large collection, for I can set about now without any assistance.

"I am glad you called, for I am always pleased to tell anyone how I recovered from this terrible disease. Perhaps my experience will help some other poor sufferer."

It is the duty of every rheumatic to investigate the truth of this statement. If not true it is the duty of the authorities to investigate.
